Célestin Matte

DevOps System Administrator

contact@cmatte.me
https://cmatte.me
32 years old
Strasbourg, France

Education

2017 **PhD** in Computer Science, University of Lyon, INSA Lyon, France.
2014 **Master** (*Diplôme d'ingénieur*) at **Ensimag**, Grenoble INP. One semester in Aalto University (Finland). Major: Engineering of Information Systems.
2011 **DUT** in computer sciences in Metz, first in the class. One semester in Germany.

Professional experience

2022 System Administrator for IRIS (Canon group): manage ~50 Linux servers (upgrade all servers, implement security measures, debug issues and critical crashes)

2021 - now Freelance DevOps System Administrator for Software in the Public Interest:
- migrate running systems to up-to-date and maintained cloud-based servers or services.
- Write Ansible script to install open source mailing list software PGLister, work on patches with upstream.
- Rewrite a Flask web application in Django (Python).

2020 - 2021 Freelance engineer at ITG Consulting

2019 - 2020 Postdoctoral researcher at Inria Sophia Antipolis: web tracking.
2 publications in peer-reviewed conferences (one top conference) + 1 journal publication [1]

2018 Off year for personal projects

2014 - 2017 PhD student at CITI Lab - Inria Privatics: privacy-preserving Wi-Fi tracking.
Thesis: Wi-Fi Tracking: Fingerprinting Attacks and Countermeasures (Manuscript, slides)
4 publications in peer-reviewed conferences + 4 publications in general public technical journals
Teaching (3 years): Algorithmics and programming. EN + FR, 1st-year Bachelor level.
Installation of a Wi-Fi tracking demonstration prototype at the *Cité des Sciences et de l'Industrie* (Paris) for the Terra Data exhibition.

2014 6-month internship at CITI Lab (Inria, Lyon): privacy problems in Wi-Fi technology.

2013 2-month internship at TDF: Solution for monitoring QoS of a network architecture.

2012 2-month internship at Digigram: Installation and configuration of a bugtracking system (Redmine), defining of needs and import of existing datas.

2011 6 months (internship + half-time job): Hochschule Mittweida, Germany.
Creation of a reporting system and a data warehouse (Qlikvew, Drupal).

Technical skills

- OS: Debian, Arch Linux, Ubuntu, CentOS
- DevOps tools: Bash, git, Gitlab, Ansible, Docker
- Software: Apache, nginx, MariaDB, postgreSQL, postfix, dovecot, SSH, fail2ban, php-fpm, Samba
- Cloud: Google Cloud Platform, OVH, Gandi
- Programming: Python/Flask, Django, PHP, JavaScript

Software

- Wombat A Wi-Fi tracking system for testing and demonstrational purpose *Python* *Ansible* *Arch Linux*
- Cookie-Glasses A browser extension showing consent registered by cookie banners of IAB Europe's Transparency & Consent Framework *JavaScript* *WebExtensions*
- Vendorlist explorer Web application that extracts information from the vendorlist of IAB Europe Transparency & Consent Framework and makes this information human-readable. *Python* *Flask* *SQLAlchemy*
- Cookinspect Selenium-based crawler used to find violations in cookie banners of IAB Europe's Transparency & Consent Framework *Python* *Selenium* *WebExtensions* *SQLAlchemy*
- Ansible-PGLister Ansible script to install all components of the PGLister mailing list system *Ansible*
- Members-django Rewriting of SPI's membership application using Django *Python* *Django*

Contributions to open source projects

- wyrd *Sysadmin* Fix compile issue and maintain AUR package (Arch Linux)
- PGLister and PGArchives *Django* (8 commits) Fix bugs and minor improvements related to the install process
- Ansible community.general *Sysadmin* *Python* (1 commit) Add new feature for pacman
- Consent-O-Matic *JavaScript* (9 commits) Improve behaviour, handle new cases
- ranger *Python* (5 commits) Bugfix, new functionality
- poezio *Python* (8 commits) New functionalities
- git (Git-Mediawiki) *Perl* (32 commits) Code cleaning, new functionality

Bug reports leading to fixes: randrctl, gmic, disconnect-tracking-protection, OCaml Curses

Misc.

Languages: French (native), English (excellent), German (average).
Driving license.
" Study-Arts" dance diploma from INSA Lyon.
Selected personal projects:

- System administrator for an association in 2012-14: in charge of servers hosting student websites (Summary) *sysadmin* *Debian*
- Developer and administrator for the online game Sistearth *PHP* *MySQL* *Javascript* *sysadmin*
- Maintaining 4 personal servers on Arch Linux and Debian (apache, Flask, postfix, dovecot, mariadb, fail2ban, openvpn, php-fpm)
- Wrote several dancing shows, some using digital art (Kinect sensors) (Website) *C* *C++* *libfreenect* *OpenCL* *SDL*
- panu A XMPP (Jabber) bot *Python* *XMPP* *Slixmpp* *SQLAlchemy*
