2019 - 2020 Postdoctoral researcher at Inria Sophia Antipolis: web tracking.
2 publications in peer-reviewed conferences (one top conference) + 1 journal publication

2018 Off year for personal projects

2014 - 2017 PhD student at CITI Lab - Inria Privatics: privacy-preserving Wi-Fi tracking.
Thesis: Wi-Fi Tracking: Fingerprinting Attacks and Countermeasures (Manuscript, slides)
4 publications in peer-reviewed conferences + 4 publications in general public technical journals
Teaching (3 years): Algorithmics and programming. EN + FR, 1st-year Bachelor level.
Installation of a Wi-Fi tracking demonstration prototype at the *Cité des Sciences et de l'Industrie* (Paris) for the Terra Data exhibition.

2011-2014 Interships / Part-time jobs: Hochschule Mittweida (Germany), Digigram, TDF, CITI Laboratory.

Technical skills

- OS: Debian, Arch Linux, Ubuntu, CentOS
- DevOps tools: Bash, git, Gitlab, Ansible, Docker
- Software: Apache, nginx, MariaDB, postgreSQL, postfix, dovecot, SSH, fail2ban, php-fpm, Samba
- Cloud: Google Cloud Platform, OVH, Gandi
- Programming: Python/Flask, Django, PHP, JavaScript

Software

- Ansible-PGLister Ansible script to install all components of the PGLister mailing list system *Ansible*
- Wombat A Wi-Fi tracking system for testing and demonstrational purpose *Python* *Ansible* *Arch Linux*
- Vendorlist explorer Web application that extracts information from the vendorlist of IAB Europe Transparency & Consent Framework and makes this information human-readable. *Python* *Flask* *SQLAlchemy*
- Cookie-Glasses A browser extension showing consent registered by cookie banners of IAB Europe's Transparency & Consent Framework *JavaScript* *WebExtensions*
- Members-django Rewriting of SPI's membership application using Django *Python* *Django*

Contributions to open source projects

- wyrd *Sysadmin* Fix compile issue and maintain AUR package (Arch Linux)
- Contribution to various projects: PGLister and PGArchives *Django* , Ansible community.general *Sysadmin* *Python* , Consent-O-Matic *JavaScript* , ranger *Python* , poezio *Python* , git (Git-Mediawiki) *Perl*
- Bug reports leading to fixes: randrctl, gmic, disconnect-tracking-protection, OCaml Curses

Misc.

Languages: French (native), English (excellent), German (average).
Driving license.
"Study-Arts" dance diploma from INSA Lyon.
Selected personal projects:
- System administrator for an association in 2012-14: in charge of servers hosting student websites (Summary) *sysadmin* *Debian*
- Developer and administrator for the online game Sistearth *PHP* *MySQL* *Javascript* *sysadmin*
- Maintaining 4 personal servers on Arch Linux and Debian (apache, Flask, postfix, dovecot, mariadb, fail2ban, openvpn, php-fpm)
- Wrote several dancing shows, some using digital art (Kinect sensors) (Website) *C* *C++* *libfreenect* *OpenCL* *SDL*
